

WARWICKSHIRE EVENT CENTRE

Versatile Space | Central Location | Experienced Team

About Us

The Warwickshire Event Centre (WEC) hosts a wide range of trade and public events, and each year we welcome over 40,000 visitors to our venue.

To date, the WEC has hosted over 200 events.

These events range from 500 – 14,000 visitors over 1 – 4 days in duration.

We are proud that the WEC has built a strong reputation over the years and welcomes back many events year on year. We also attract new events annually and work with all our clients closely to ensure their events are successful.

Headed by Avril Spence our Event & Venue Manager, our team of event experts offer a combined experience of nearly 70 years in the events industry.

Meridienne Exhibitions have owned the Warwickshire Event Centre since 1992.

The venue was rebranded in 2018 from the Warwickshire Exhibition Centre.

We look forward to welcome you to the WEC soon.
